TIFF (LZW) decompressor
are needed to see this picture.

How the little things can add up:

What you decide to give up to put into savings	What you save each day	In one year (M-F, 50 weeks per year)	In 10 years	In 10 years if getting 5% interest	In 30 years if getting 5% interest
Coffee Drink	\$3	\$ 750	\$ 7,500	\$ 9,900	\$ 52,000
Coffee Drink and buying sandwich	\$8 (now you bring lunch from home)	\$2,000	\$20,000	\$26,400	\$140,000
Driving to work (switch to carpool or transit)	\$20 (save on gas and parking)	\$5,000	\$50,000	\$66,000	\$350,000
