<http://rockfish-cs.cs.unc.edu/pubs/TR04-008.pdf>

Free Wireless Access

1. "A Hard Look at Wireless Networks" by Marshall Breeding. *NetConnect*, July 15, 2002.
<http://www.libraryjournal.com/article/CA232339>
2. The Wireless Librarian
<http://people.morrisville.edu/~drewwe/wireless/wirelesslibraries.htm>

RSS

1. RSS Directories
 - <http://www.syndic8.com/>
 - <http://www.newsisfree.com/>
2. RSS Search Engines
 - <http://www.daypop.com/>
 - <http://www.feedster.com/>
3. Who To Read/Talk With
 - Sarah Houghton, e-Services Librarian for Marin County Free Library

Open Source Software

1. ILS Open Source software
 - a. Koha <http://www.koha.org>
 - b. LearningAccess ILS
<http://www.learningaccess.org/website/techdev/ils.php>
 - c. Avanti <http://www.avantibrarysystems.com>
 - d. OpenBiblio <http://obiblio.sourceforge.net/>
 - e. phpmylibrary <http://www.phpmylibrary.org/>
 - f. Emilda <http://www.emilda.org/>
2. Productivity Open Source software
 - a. OpenOffice <http://www.openoffice.org/>
3. Blog Open Source software
 - a. Word Press <http://www.wordpress.org/>
4. Open Source product
 - a. Wikipedia http://en.wikipedia.org/wiki/Main_Page

Open URL

1. National Information Standards Organization's site on Open URL
<http://library.caltech.edu/openurl/>
2. *Federated Searching & OpenURL* presentation at Internet Librarian in Monterey this coming Monday 11/15
3. Who To Read/Talk With: Eric Van de Velde, PhD. Director of Library Information Technology, California Institute of Technology Libraries (who also chairs the NISO Committee AX on OpenURL standardization.)

RFID
